

Warranty Period Schedule

Applicable from 2011 12

For Franklin Electric (Australia) Pty Ltd

This Warranty Period schedule is updated as new products are introduced.

All failures that are suspected to be warranty failures, should be returned to the dealer of purchase.

Franklin Electric pays for the return freight costs (on our nominated freight service) from the Franklin Dealer back to a Franklin Electric (Australia) location for assessing. Assessing determines whether the products has failed from a warranty related cause or from other induced causes and conditions.

Product Description	Warranty period in years	From manufacture date to install period in months
4" submersible bore pumps FPS4400	2 Years	24 months
SandHandler series		
TriSeal series		
When coupled to a Franklin 4" motor	3 Years	24 months
6" submersible bore pumps	1 Year	24 months
SR series		
ST series		
When coupled to a new Franklin 6" motor	2 Years	24 months
8" submersible bore pumps	1 Year	24 months
SR series		
ST series		
FT series		
FS series		
When coupled to a new Franklin 8" motor	2 Years	24 months
10" submersible bore pumps	1 Years	12 months
FS series		
FT series		
When coupled to a new Franklin 10" motor	2 Years	12 months
12" submersible bore pumps	1 Years	12 months
FS series		
FT series		
When coupled to a new Franklin 8", 10" or 12" motor	2 Years	12 months
14" submersible bore pumps	1 Year	12 months
FS series		
FT series		
4" Franklin submersible motors	2 Years	24 months
When coupled to a new Franklin 8" or 10" motor	2 Years	
224, 234, 244, 254 series		
6" Franklin submersible motors	2 Years	24 months
236, 262 series		
8" Franklin submersible motors	2 years	24 months
239, 263 series		
10" submersible motors	1 Year	24 months
264 series		
12" submersible motors	1 Year	12 months
265 series		
Pumptec 1 Phase motor protection	2 Years	24 months
Pumptec Plus 1 Phase motor protection	2 Years	24 months

Warranty Period Schedule *continued*

Product Description	Warranty period in years	From manufacture date to install period in months
SubMonitor 3 Phase motor protection	1 Year	24 months
When installed with a new 6" or 8" Encapsulated Motor	3 Years	24 months
Pt100 Motor temperature sensing	1 Year	24 months
Couplings – motors – all	1 Year	24 months
Leads – submersible motors – all motors	2 Years	24 months
Control – Starter Boxes – 1 Phase	2 Years	24 months
280, 282, 284 series		
SubDrive 75 Systems	5 Years	24 months
234 SubDrive motors		
SubDrive 4" pump ends		
SubDrive SD75 controller		
SubDrive Pressure Sensor		
SubDrive 18 litre Pressure tank		
SubDrive 150 Systems	5 Years	24 months
234 SubDrive motors		
SubDrive 4" pump ends		
SubDrive SD150 controller		
SubDrive Pressure Sensor		
SubDrive 35 litre Pressure tank		
SubDrive 300 Systems	5 Years	24 months
234 SubDrive motors		
SubDrive 4" pump ends		
SubDrive SD300 controller		
SubDrive Pressure Sensor		
SubDrive 80 litre Pressure tank		
SubDrive manifolds and Valves	2 Years	24 months
SubDrive 75 external enclosures	5 years	24 months
5" bottom Intake submersible pump	2 Years	24 months
CS series		
MH series horizontal surface mounted pumps	2 Years	24 months
MH pump accessories	2 Years	24 months
PressControllers. 1.5 and 2.2 Bar		
Pressure switches		
Check Valves		
MH poly bases and covers	1 year	12 months
Pressure Tanks GWS	5 Years	24 months
Pressure Wave		
Challenger series		

Warranty Period Schedule *continued*

Product Description	Warranty period in years	From manufacture date to install period in months
Vertical multistage pumps	2 Years	24 months
VR series		
VR electric motors, 1ph and 3ph		
ISO centrifugal pumps	1 Year	24 months
ISO series		
ISO electric motors, 2p, 4p, 1ph, 3ph		
DrivE-Tech variable speed drives	2 Years	24 months
HPX variable speed Drives	2 Years	24 months
Electric drop cable	1 Year	12 months
Misc fittings (if purchased separately)	1 Year	12 months
Splice kits 4" & 6"		
Pressure gauges		
PVC Shrouds		
Bore caps		
Airline SWL Kits		
Safety wire reels and clips		
Spare Parts	1 Year	24 months
Seals or Seal Kits		
Bearings		
Capacitors		
Overloads
